

## House Beers

**Camp Hale Pale Ale** 5.1% ABV, 40 IBU. Our tribute to the bitters of Britain, CHPA pairs a traditional toast and caramel malt character with the new-school fruity and spicy flavors and aromas of Calypso, Centennial, and Brewers Gold hops.

**Those Who Wheat** 4.9% ABV, 20 IBU. For our first effort, we started with a classic quencher, American Wheat, then threw stupendous amounts of Azacca and Calypso hops into the fermenter, lending IPA-level flavors and aromas of citrus, pear, and tropical fruits.

4oz 2.5 • 12oz 5 • 20oz 7

**Darkest Timeline** 9.8% ABV, 30 IBU. Some times in this universe's 2020, you just want to get away from it all, and this Belgian-style dark ale is perfect for sipping by the fire, or on a video chat with your parents. Decadent raisin and stone fruit flavors and sweet alcohol notes are balanced by bracing carbonation and a spicy light at the end of the tunnel, Grains of Paradise.
